

### REMARKS

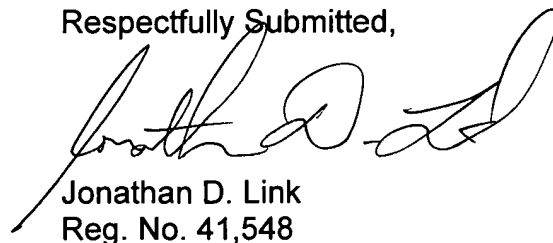

In response to the Notice of Drawing Inconsistency With Specification mailed on October 31, 2005, the application has been amended to list Figs. 16B and 34B in the Brief Description of the Drawings in the specification.

Entry of this Amendment is respectfully requested because this amendment embodies merely correction of formal matters in the specification for proper disclosure of the invention without necessitating a substantial amount of additional work on the part of the Patent Office.

If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.

Prompt and favorable consideration of this Amendment is respectfully requested.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read 'Jonathan D. Link', is written over the typed name and registration number.
